

# Illinois Immigration Services Directory

Illinois Coalition for Immigrant and Refugee Rights

Updated: Fall 2025

### *About ICIRR*

Founded in 1986, the Illinois Coalition for Immigrant & Refugee Rights (ICIRR) is an alliance of more than 100 public and private organizations advocating on behalf of immigrants and refugees throughout Illinois. Our mission is to promote the rights of immigrants and refugees to full and equal participation in the civic, cultural, social, and political life of our diverse society. In partnership with our member organizations, ICIRR educates and organizes immigrant and refugee communities to assert their rights and responsibilities; promotes citizenship and civic involvement; monitors and analyzes issues affecting immigrants; and informs the general public about the contributions of immigrants and refugees.

### *About the Illinois Immigration Services Directory*

The Illinois Immigration Services Directory lists not-for-profit organizations that provide immigration legal services to clients in Illinois, including several organizations in neighboring states. This directory is intended for use as a referral guide for social service providers, adult education providers, community-based organizations serving immigrants and refugees, and members of the community. Except where noted, the information in this edition of the directory is current as of December 2025. We welcome any additions, corrections, or comments that will make this directory more useful and complete.

*Department of Justice recognition:* The US Department of Justice Office of Legal Access Programs has the authority to “recognize” non-profit agencies that have sufficient resources and experience in immigration matters and charge reasonable fees. A recognized organization may seek “accreditation” of its experienced employees. “Accreditation” is a limited law license to represent immigrants before the USCIS (partial accreditation) and in addition before the immigration judges and the Board of Immigration Appeals (full accreditation). The regulations governing recognition and accreditation are at 8 CFR § 292.2.

This directory *lists only organizations that have received recognition, have at least one attorney on staff, or provide services through arrangements with attorneys.* Some not-for-profit organizations not listed in this directory also offer assistance with immigration applications; however, if they are not recognized by the Justice Department or do not have an attorney on staff, they may not render advice nor legally represent clients and are subject to other restrictions under Illinois statute and Chicago city ordinance (if applicable).

*Intake:* Intake refers to the formal process by which agencies receive cases from potential clients that they will evaluate and either accept for service or refer. The agencies in this directory may also be available to answer general questions from other service providers or from individuals. Service providers with general questions may also call ICIRR at 312 332-7360 or email us at [info@icirr.org](mailto:info@icirr.org). Please note that ICIRR does not accept cases.
